

Joint Base Charleston

Environmental Management System (EMS)

- EMS is a system for planning and achieving responsible management through a continual cycle of improvement
- No matter where you work, your actions affect the natural resources needed to sustain the mission
- Everyone has a role and responsibility in the EMS

WAYS YOU CAN SUPPORT YOUR EMS:

- ✓ Turn off lights when rooms are vacant
- ✓ Switch computer monitors off when not in use
- ✓ Dispose of hazardous chemicals responsibly
- ✓ Follow environmental and safety regulations
- ✓ Conserve water & energy
- ✓ Report leaks and spills
- ✓ Purchase green products
- ✓ Reduce, reuse, & recycle
- ✓ Integrate CARES into your daily activities
