## TELEPHONE PRACTICES

### EMERGENCY CALLS

Emergency numbers are listed on the front cover of this directory. If you need assistance, dial the base operator "0" from base extensions, or dial 963-1110 from private telephones.

### BOMB THREAT

If you receive a bomb threat, **DO NOT HANG UP**. Use the **Bomb Threat** procedure form (AF Form 440), located by your telephone. After asking the questions on the form, and while the caller is still on the line, **depress the hook-switch or flash button momentarily then dial 11#**. This action allows the telephone switch to identify the calling number. Then from a different telephone, call 911 and report the bomb threat. Be sure to give the 911 dispatcher your name, unit, and telephone number. If danger to life or property is possible, alert personnel and evacuate the building.

### MALICIOUS / NUISANCE CALLS

If you receive a nuisance call and would like to pursue the source, **DO NOT HANG UP**. While the caller is still on the line, **depress the hook-switch or flash button momentarily then dial 11#**. Call 628 CS at 963-2666 and report the nuisance call. Be sure to give the 628 CS representative your name, unit, and telephone number. They will contact the SF who in turn will contact you to take a report. If the caller states there is a threat, notify the SF at extension 963-3600.
